

ROBIN® 300 Plasma Spot

The amazing ROBIN® 300 Plasma Spot Light is the first in a unique and new era of plasma lamp based fixtures from Robe.

Robin 300 Plasma Spot light is the first in a new generation of fixtures we have all been dreaming about! A perfect colour rendering index (CRI = 94), an extremely flat and even light beam (1:1.5) and a lifespan of 10.000 hours - all these fantastic features exist thanks to a brand new light source - the plasma lamp, which is now being introduced to the market. Moreover, the new plasma lamp source offers a dimming capability from 20-100% and a semi-hot restrike function (less than 120 sec. for full lamp brightness after shutting off).
